SKILLS

C++ Data Structures

Algorithms OOPS

Web Development

MERN stack MYSQL

Nodejs Reactjs

Mongodb HTML

CSS JS

INTERESTS

Front End Development

Web Development

Web app Development

Software Development

EDUCATION

Graduation

Maharaja Agrasen Institute Of Technology

11/2020 - 08/2024

Courses

▣ Btech (Computer Science and Technology)

Senior Secondary

Kulachi Hansraj Model School

03/2018 - 04/2020

Courses

▣ Science (PCMB)

CERTIFICATES

Internshala Trainings - Web Development (07/2022 - 09/2022)

Coding Ninjas - Data Structures and Algorithms (05/2022 - 11/2022)

certificate of excellence for the completion of DSA course with more than 90%score

PROJECTS

E-commerce Dashboard (05/2023 - 07/2023)

▣ Built an E-commerce Dashboard backend using MERN stack

netflix clone (Frontend) (02/2023 - 02/2023)

▣ built a netflix clone using Reactjs and Tmdb API. Using axios data is fetched from third party API and latest movies based on genre is shown on the react app.

Task Manager App (03/2023 - 04/2023)

▣ Designed a Todo List type application in which user can see, update ,store, delete all the tasks that he has to do.

ACHIEVEMENTS

CODE-UNCODE

won 3rd prize at coding competition at Kirori Mal College

LEETCODE

Solved more than 250+ problems on leetcode
